143 & 145
EAST WATER STREET,
Marble Block, one door South of their old Stand.

HAVING recently received an extensive stock, and daily adding to it the latest styles of

SPRING GOODS,

Together with an enormous stock of DOMESTICS, purchased in the Fall at very low figures, with a view of being prepared for the EARLY SPRING TRADE, without being subjected to the exorbitant rates of Rail Road charges on such goods as are sold at a fraction above Eastern cost, we are prepared to show, and will be most happy to sell the

MOST COMPLETE AND EXTENSIVE STOCK OF
DRY GOODS,
Ever before offered in the West!

Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Mercantile House in the State, and having long resided and done business in this city, and our established principles of doing business being well known to every city and country customer, to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question.
We would say to

COUNTRY MERCHANTS

who design going East to purchase, that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee.

DAILY SENTINEL.

COURTSHIP OF THE LATE EMPEROR NICHOLAS.—We find the following amusing account of the courtship of the late Emperor Nicholas in a recent Berlin paper:

"About the year 1816, the Grand Duke Nicholas came to Berlin to see if one of the Prussian Princesses would suit him, and the Princess Charlotte was given to understand by her parents that, if he should take a fancy to her, they would have no objection to her returning the penchant. The time originally fixed for the expiration of the Grand Duke's stay had come, and he was seated at supper on his last evening next to the Princess Charlotte, when he abruptly told her that he must leave Berlin the next day. He hoped to surprise her into some demonstration of feeling on the occasion, but her maidenly pride withheld her from making more than some very say nothing remark in acknowledgement.

"The Grand Duke thereupon soon assumed another plan of operations, knowing that, however little the eyes of the company might be actually fixed on him and his fair neighbor, they were, nevertheless, the object of general conversation, he commenced telling her, but in an apparently unembarrassed manner, and playing with a ring of his the while, that he had devoted himself, during his short stay there, to making himself acquainted with her character and disposition, &c , and that he had found in her every quality that he believed best calculated to make him happy in wedded life, &c. but as they two were at that moment the object of scrutiny to many present, he would not press for any reply to his overtures, but if it was agreeable to her that he should prolong his stay at her father's court, she would, perhaps have the goodness to take up the ring he had in his hand. This ring he then, apparently while playing with the two objects, thrust into the roll of bread lying on the table before him, and went on, seemingly in all *sang froid,* with his supper. With an equal appearance of unconcern the Princess presently put out her hand and took up the roll, as if mistaking it for her own bread, and, unnoticed by the company, withdrew the ring and put it on her own hand. The rest requires no narration."

SINGULAR PHENOMENON.—A Jackson correspondent of the Detroit *Advertiser* says of a well in that neighborhood:

"It is on the farm owned by Steven Sears, Esq , in the south part of Spring Arbor, in this county. It is about 45 feet deep—mostly cut through sand rock. On one side of the well there is a fissure in the rock nearly perpendicular, through which a current of very cold air is forced, that rises in refreshing coolness from the mouth of the well. In the winter the vapor from the water and the drops which fall from the bucket congeal upon the sides of the well until the apperture becomes closed with ice. Last winter the ice required cutting several times, and the quantity remaining was not dissolved until the 15th inst , although exposed to the weather like ordinary wells. The temperature of the air has not been tested, but is supposed to be about 32° "

A gentleman, whose character for sobriety has heretofore been unimpeachable, took us aside the other evening and propounded the following: "If I owed you five dollars what liquor should I resemble?" A band then struck up a new Tiger Polka, and we hastened to hear it, but later in the evening the joker whispered in our ears, "Owed a V." (eau de vie.)

Childhood is like a mirror, catching and reflecting images around it. Remember that a profane or vulgar thought may operate upon your heart like a careless spray of water thrown upon polished steel, staining it with rust that no after efforts can efface.

Socrates rightly said of contentment, opposing it to the riches of fortune and opinion, that it is the wealth of nature , for it gives everything that we want, and really need.

—"Papa, have guns got legs?"
"No."
"How do they kick then?"
"With their breeches, my son."

They never say it snows in California, but that "winter is throwing its mantle over the ground." So with an earthquake, they call it "the vibration of Heaven's footstool."

Why are German theologians like catfish? Because they are continually wriggling about the "Diet of Worms."

"I heartily concur in all movements which have for their object to repair the mischief arising from the violation of good faith in the repeal of the Missouri Compromise. I am opposed to Slavery in the abstract, and upon principles sustained and made habitual by settled conviction. To the Young Men of Milwaukee.

We, the undersigned, young men of the City of Milwaukee, do hereby recommend the holding of a public meeting on Wednesday evening, July 2d, at 8 o'clock, at Young's Hall, for the purpose of giving expression to our sentiments in regard to the recent brutal assault upon the person of the Hon. As many persons may be desirous to obtain the *Sentinel* for the Campaign, without ordering it for the full term of a year, we publish the following rates, at which we will send one or more copies of our several editions, from July 15th to December 1st. As the Election occurs Nov. 4th, this ought, in these days of telegraphs, to enable us to give the result in all of the States of the Union except California, in the last number.

The above rates for the Daily and Tri-Weekly are somewhat less than our regular terms. For the Weekly they are the same as $1 per year. CIRCULATE THE DOCUMENTS.

NEWS OF THE MORNING.

By the report which reached us yesterday afternoon it is seen that the Kansas Bill has been defeated in the House, as was anticipated from the opposition exhibited by Dunn, Haven and other Fillmore men. The particulars have not yet come to hand.

News comes of the arrest and driving away from Kansas of another party of free state emigrants.

The steamer from Europe brings not only favorable news as to breadstuffs, but sets at rest all apprehensions of trouble with Great Britain. Lord Clarendon having stated that Mr. Dallas would not be dismissed.

The telegraph brings news of another political riot at Washington, and an attack on the Mayor of that city.

We commence another of our foreign correspondent's letters to-day, on his way down the Nile.

A synopsis of the Kansas Investigating Committee's Report made yesterday is given. It is very interesting and fully confirms all that has been said of the villainy of the borderers, besides revealing crimes heretofore untold.

It will be seen that grandfather Cass has discovered a mare's nest, in the shape of something wrong away off in Oregon. The outrages in Kansas, nearer home, cannot be seen by those who will not look.

Gathering of the Young Men.

It will be seen above that the Young Men who call the meeting for to-night have engaged Young's Hall for the purpose, as the general interest felt in their intended gathering, has led them to anticipate a larger attendance than could be accommodated at Concert Hall. All who sympathise in the motives which call the meeting together, as expressed in the notice above given, are invited to attend and lend their countenance to this expression of sentiments upon absorbing questions of the day by those who are just coming upon the stage of action, and will soon take the places of those who now occupy it.

The motives of the signers to that call are good—are patriotic. A Territory, consecrated long ago to Freedom, large enough for half a dozen States, has been first by demagogues thrown open to the curse of Slavery, and then overrun by a horde of ruffians, and the people outraged, pillaged and murdered, for no crime save that of loving Liberty; and this is done by the connivance of a Government, founded to establish justice, and protect the rights of the People.

A long course of insolent conduct on the part of leaders among the representatives of the Slave Power has culminated in the brutal, cowardly assault, and almost murder, upon the floor of the Senate Chamber, of a man whose life is of more value to the country than that of all his assailants combined, and who was well described by one who knows his worth and reverences his purity of character, as a man "possessing the whitest soul he ever knew;" and this assault is praised in the South, and apologized for in the North!

It is fitting that the Young Men who are soon to bear controlling influence in national affairs should assemble, and say whether, when they do obtain control, and when those who now act in the political world shall sleep the sleep that knows no waking, they mean that such acts shall characterize their country—whether the abomination of Slavery shall ever bear rule and curse the nation.

The men of *this* day do not mean it, we verily believe. They mean, by the election of FREMONT and DAYTON to stop the progress of corruption, demagogueism, heartless ambition, which has brought the country to such a pass; and it will nerve their hands in the use of the weapon "stronger than the sword"—the ballot box—to think that the Young Men stand ready to take at their hands a redeemed nation, and hold it pure.

There is everything in the career of JOHN C. FREMONT to invite the Young Men of the country to his side in the contest. Few men have ever commenced boyhood with less prospect of reaching an elevated station. The poor boy, son of a widowed mother, at school in South Carolina, would not have been pointed out as the coming man to snatch honors from the brows of the sons of wealthy, aristocratic planters among whom he worked his way. Yet persevering effort—self-reliance—an energy that never flagged—an ambition to be useful—privations endured—purity of personal character—forgetfulness of selfish wants—a determination to succeed—all these, with like traits of character, which shine through his career, have made his name already a household word, and at this moment he is the first and foremost Young Man of the nation—to whom all eyes are turned—in whom millions put their trust, as the man to lead the people back to the faith and practice of the Fathers and Founders of the Republic. His example is indeed a shining one to the youth of the country, and his name arouses an enthusiasm which no other could.

TURN OUT, YOUNG MEN, TO-NIGHT!

Where would Henry Clay be?

Many of the life-time revilers of Henry Clay, who are now found among the pro-slavery democracy, supporting Mr. Buchanan upon the Cincinnati platform, affect to believe that if the great Kentuckian were now alive, he would be found with them supporting Slavery Extension.—Such an imputation upon Henry Clay's character is enough to make him turn in his grave. The crew of Douglases, Atchisons, &c., would have been withered by his scornful eloquence, had they in his time laid their hand upon the Missouri Compact. Said he in one of his speeches in 1850:

"But if, unhappily, we should be involved in war, in civil war, between the two parts of the confederacy, in which the effort upon the one side should be to restrain the introduction of Slavery into the new Territories, and upon the other side to force its introduction there, what a spectacle should we present to the astonishment of mankind, in an effort, not to propagate rights, but—I must say it, though I trust it will be understood to be said with no design to excite feeling—a war to propagate wrongs in the Territories thus acquired from Mexico! It would be a war in which we should have no sympathies, no good wishes—in which all mankind would be against us; for, from the commencement of the Revolution down to the present time, we have constantly reproached our British ancestors for the introduction of Slavery into the country."

How applicable are these words to the condition of things at this moment, in our country!—Henry Clay had no sympathy with traitors, and would have had none with border ruffians or their apologists.

To the Ladies of Milwaukee.

The Young Men of Milwaukee take pleasure in inviting the ladies of this city, to attend the Sumner Indignation Meeting, at Young's Hall, on Wednesday evening, July 2d, at 8 o'clock. Comfortable seats will be reserved for them, and Stevens' Brass Band will discourse sweet music to all. A choir of young ladies and gentlemen will sing Freedom songs, with a melodeon accompaniment, and the Young Men hope, at least, to see the Young Ladies present, if not all others.

By Order of Com. of Arrangements.

Fourth of July at Waukesha.

EDS. SENTINEL:—Will you please notify the citizens of Milwaukee that there is to be a grand patriotic celebration at Waukesha on the Fourth.

A. W. RANDALL is the orator of the day.

A magnificent dinner will be provided by the Ladies of Waukesha, the avails of which will be devoted to Kansas.

A cordial invitation is extended to the people of Milwaukee to come and see us and our celebration.

LIBERATOR.

BOGUS BILLS.—The Buffalo *Courier* says that bills purporting to be issued by the Potomac River Bank, Georgetown, D. C., have been put afloat in that city. It is understood that some $60,000 worth of these bills have been prepared for circulation, and that quite a quantity of them have been passed at different points in the west within a few weeks. The fact that these bills are not quoted in any of the regular detectors furnishes a sufficient reason for distrust in regard to them.

☞ "Fellow-citizens, slavery is a sectional institution," said the Hon. E. Rockwood Hoar, at the Boston Fremont and Dayton Ratification meeting. "Its defenders and apologists call it a Southern institution. So is the yellow fever. We propose to establish a thorough quarantine, so far as the national territories extend."

IOWA ELECTION.—Iowa opens the ball. Her State Election takes place the first Monday in August. Our friends there appear to be fully in earnest and have their hearts in the work.—Members of Congress and of the Legislature, Secretary of State, Auditor, Treasurer and Attorney General, besides County officers are to be chosen. Accounts from there are favorable.

RATIFICATION MEETING IN FOND DU LAC CO.—A large meeting of the citizens of Fond du Lac Co., was held at Rosendale on Saturday, 28th, and a contribution of $400 raised for the cause of Freedom in Kansas.

NEW YORK SURER YET.—The Empire State was sure for Fremont before, but now that the battle of the shells has again commenced, and the Hards have gone off beaten and growling, it is for Fremont beyond a peradventure.

For the Daily Sentinel.

RACINE CO. AWAKE!!

Ratification Meeting in Burlington.

MESSRS. EDITORS:—On Saturday an immense and enthusiastic gathering congregated here, to ratify the Republican nomination for President and Vice President; to endorse the Philadelphia platform, and set the Republican ball rolling. The free church was filled to overflowing. The extra train from Racine brought out the good and true by hundreds, to speak a good word in season for the right.

MR. PAINE from your city was loudly called for. He responded in a speech of some length and much power; his earnest manner, eloquent words, and stirring appeals to the hearts of the lovers of freedom produced a thrilling effect, and brought forth loud applause. He sketched in flaming words the direful deeds of the present Administration, appealed to the instincts of every son of the North whether such deeds ought to continue, or whether, instead, every one worthy the name of freeman ought not to rise and speak out and act out the spirit of our forefathers, resist the tyrants, and strike a blow that would be felt through the Union now, for Fremont, as the most powerful representative of the "Thus far shalt thou go and no farther" doctrine.

MR. CLEMENT, of Racine, spoke too in the same spirit. His remarks, many of them, were like two-edged swords, piercing to the right and to the left, striking home to every bar-room democrat and senseless hunker with pointed and searing effect. He searched them through and through—called the devils to witness their villainy in Kansas, and concluded by impressing on all to come to the rescue in terms which will not soon be forgotten.

Rev. Mr. DAVIS of Rochester, BARNES of Delavan, LYON of Racine, and others, followed with speeches full of fire and patriotism.

Fremont Clubs were recommended to be founded in all the towns in the county, so that every district may be thoroughly canvassed.

Southeastern Wisconsin will exert herself ably in the campaign, and when the frosts of November come, her influence will be felt for a free North, a free West, free Kansas and FREMONT.

The Temple of Dendera—Keneh—The Pilgrims to Mecca—Health and Climate of Egypt—Warehouses on the Nile—Traffic in Slaves and Eunuchs—Beautiful Sunsets—Night Scenery—Oppressive Taxation—The Pasha and his Travelling Harem—A Novel Ferry-Boat and its Passengers—The Grottoes of Beni Hassan—A Farewell to the Queen of Sheba.

CAIRO, March 14, 1856.

It would be an endless task for me to give a description of the many temples, grottoes and tombs I visited during the three months I have been in Egypt. They line the banks of the Nile all the way up the fifteen hundred miles by the circuitous route of the river, as far as I went, and each one has its own particular construction as well as history. The temple in the greatest state of preservation among them all, is that of Dendera. It is nearly entire now, with its roof, cornices, portico, columns, halls, stair-cases and rooms. It is one of the most beautiful of all the temples, and perhaps it should be, for it was dedicated to Athor, sometime called Aphrodite, the Venus or goddess of love of the Egyptians. We walked three miles from our boat over a level, uncultivated field to see it, and thought we were amply paid. Although these were all the remains of a once great and powerful city, yet not a human being was seen to add to the solitude and loneliness that seem to hang over the spot.

Some writer remarks of this place that the goddess has merely changed sides of the river, and that at Keneh, a city on the opposite shore, she still reigns supreme. How this may be I know no further than the fact that we had very hard work to get either officers or crew past there, in going up or returning. Like the former place, it is situated nearly two miles from the river. It is said to be a dissipated place, and the residence of some of the dancing girls banished from Cairo. It is also the great depot for grains and merchandize coming from and going to Kossayr, on the Red Sea. This is the route taken by the Moslem pilgrims to Mecca. They generally come up the Nile in boats to this point, thence across the desert on camels to Kossayr, and from thence in vessels across the Red Sea, to a point near Mecca. The true Mahometan looks upon this pilgrimage as the one great act of his life, and devotes all his energies to accomplish it at some period. To him it is full of hazard, toil, suffering and self-denial. But after he has performed the long and perilous journey, and been permitted to prostrate himself before the shrine of the great prophet, he returns with a lighter heart, a firmer trust—and putting on the green turban, which no others are permitted to wear, he calmly awaits all the changes of life and death with a religious zeal and firmness rarely found among Christians.

This, too, is the route taken by Christian pilgrims and travellers who visit Mt. Sinai, and thence pass over the great desert of Petra and part of the Arabian desert to Jerusalem. This was the same route I had originally in view in getting to Jerusalem; but I found I was out of season, with both Christian as well as Mussulman pilgrims, and I was obliged reluctantly to return to Cairo, and thus pass over the route twice. Yet there is so much to be seen, one might take the journey once a year during a lifetime, and on each trip find a variety, as well as novelty, of sights and adventures. During the winter months the weather is most delightful, the air neither too hot nor too cold, but in that state of purity and wholesomeness, that not only the body but the mind is made happy and blessed. The desert on both sides of the river absorbs every atom of moisture in the atmosphere produced by evaporation, and as for rain it is a very rare thing. During three months I have been in Egypt, I have never seen any, except once at Alexandria on the coast. Milk keeps for two days, and fresh meat suspended in the air, over our boat, for ten days. I know of no country so well calculated to arrest consumption and bronchial complaints if visited in time; but it is of no use to come here, as many do, and make a trip up the Nile and back on a boat, subjecting themselves to changes from heat to cold, and many exposures that even persons in health, in any country, ought to guard against. But the true way is to do, as I was informed from good authority an English gentleman did, who came here last season with diseased lungs—so far gone that his physician had given up all hopes of him. He pitched his tent on the edge of the desert, and surrounded himself with all the comforts of a home. After a few months residence, he left with his lungs pronounced entirely healed and sound.

Owing to the purity and life-restoring principle of the atmosphere, a large proportion of the lives of the inhabitants are spent in the open air—indeed, in Nubia, very few of the people have what one could call houses. Very many of them consist only of a circular wall of dried mud, with perhaps a palm tree growing up in the centre for a roof to keep off the rays of the sun. Although at some of the large towns, there is frequently seen a large accumulation of grain of different kinds, together with merchandise, and other articles of traffic, such a thing as a warehouse or storehouse for goods above Cairo is unknown; and even in Cairo, all the grain for market and shipment lies on the ground in piles. On the bank of the river, I believe at Keneh, I saw the largest body of wheat in one pile I ever saw. I think there must have been all of two hundred thousand bushels of wheat, or perhaps more.—It belonged to government of course, for there is no such thing as individual enterprise. Everything of this kind is checked at once, and put down as though it was an usurpation of power, and dangerous to the prerogatives of the Viceroy.

It is curious to observe the different kinds of goods that one sees lying on the sand, strewn along in some places for a hundred rods, waiting to be shipped to Cairo and Alexandria by water, and into various sections of the country by land. They are all in packages of about three hundred pounds each, two of these being an ordinary camel load. Among others I noticed several packages of elephant tusks. Although slavery has received some checks from the government, within the last few years, still it exists the same as ever, and annually thousands of these unhappy creatures are torn from their homes, in the upper countries on the Nile, and taken to Cairo, Alexandria, Smyrna and Constantinople for sale. Only a short time before I reached Assouan, I was informed that an entire boat-load were drowned in passing down the first cataract a short distance above, and that their screams and cries for help, were heard distinctly above the roar of the water, more than a mile distant.—Although we must have met a great number on the river, yet I never happened to see any of the slave boats, while stopping at any of the different towns. Probably for fear of the escape of the victims, they do not halt any longer by the shore than is necessary to procure provisions, but I am told that avarice, cruelty, lust, and every other wicked passion mark the character of the slave-dealer here the same as everywhere else.

Concluded in our next.

SLANDERING COL. FREMONT.—It is wonderful—or would be if such a practice were not so common, to see the gravity with which the democratic press puts forth the most unfounded stories against Col. FREMONT. Thus, the Beaver Dam *Sentinel*, after occupying considerable space in the vain attempt to depreciate his ability and his services, adds the following in a postscript, in staring capitals:

"We omitted to state that Colonel Fremont, the Black Republican candidate for President is a slaveholder. Hon. A. J. Lewis, of Boston, states this on his personal knowledge."

"Hon. A. J. Lewis of Boston," if not a myth, is evidently a humbug. Col. FREMONT is *not*, and never has been, a slaveholder.

Later from Kansas.

St. Louis, June 30.

A letter in the Democrat, dated Lawrence 28th says that five men had arrived at that city from Tecumseh, where they had been confined for some time as prisoners. They were captured by dragoons on the 27th of May, near Ossawattamie. Their arms were taken away, chains were put upon them, and then they were driven thirty miles by troops on horses.

The dragoons were under Lieut. Johnson.—They wore chains nearly four weeks, and when brought before Judge Cato, they were discharged, nothing being found against them. Three of the party captured were, however, detained, Messrs Partridge, John Brown, Jr., and Williams—the two latter members of the Legislature. The former was released on bail. Indictments were found against Brown for treason, conspiracy, kidnapping slaves, and horse stealing; against Williams for treason—Partridge for conspiracy.—Hoyt and Legate, who were arrested a few days since by Harvey and the dragoons under Lieut Perkins, have been released on bail.

Reeder Smith, of Appleton, in the General Conference of the M. E. Church.

We take the following from the minutes of the General Conference of the M. E. Church, which closed its session, June 3d, 1856.

Friday, May 30.

Mr. Reed from Committee of memorial on Reeder Smith, reported a majority report, granting a new trial.

Mr. P. S. Bennett, made a minority report against a new trial.

Mr. Crary moved to lay majority report on the table, which prevailed.

Minority report was laid on the table.

Tuesday, June 3d.

Mr. M'Clintock introduced a preamble and resolutions intended as a substitute for the report and the resolution of a special committee, reported on the memorial of Rev. Reeder Smith, which was upon the table, as follows:

Whereas, It has been declared by a Special Committee to this General Conference, that new testimony has been elicited, going to show the innocence of Rev. Reeder Smith. Therefore,

Resolved, By the General Conference that the Wisconsin Annual Conference be and hereby is authorized and *instructed* to order a new trial in the case of Reeder Smith in the Appleton Quarterly Conference.

Which was discussed, and adopted under the motion for the previous question by a vote of 104 to 27.

On motion of Mr. Harris, the delegates from Wisconsin were allowed to enter a protest upon the Journal.

SAD ACCIDENT.—On Saturday last there came to the Depot of the Milwaukee & Mississippi Rail Road in this city, a lad about 15 or 16 years of age. He represented himself as being from Ft. Atkinson and was in search of employment. His name is Albert Cronk, and his parents have formerly resided in Ft. Atkinson, but removed to Jefferson about ten days since. They are aware of the fate of their son, and will be here to-day, if they have not already arrived.

As the train was going to Milton, about four miles from the City the Engineer discovered a man lying behind the cattle guard, with his head on or near the track, but not in time to stop the train. As it passed, the Engineer, fearful the man had been injured, was about to reverse the engine, but upon the assurance of the fireman that he had seen him rise before the engine reached him, and that he was uninjured, he did not do so.

Upon the return trip, the section men hailed the Engineer, at the spot where the accident happened, and it was found that the person injured was the boy who had been at the depot. It is supposed that the guard over the engine struck him, as the skull was badly fractured, although he was still living. He was taken upon the cars and brought to the depot. Medical attendance was at once procured, but the wound was such as rendered it impossible to save him, and he died about 8 o'clock in the evening.—Every attention was paid by the employers of the R. R., and Mr. Price the Conductor, and Mr. Strasberger, Freight Agent, were unremitting in their endeavors to make him as comfortable as possible while he lived.—*Janesville Standard.*

THE PUBLIC PRINTING.—The public printing for the ensuing two years was let this afternoon. It was awarded to Calkins & Proudfit of the *Argus*, as the lowest bidders. A bid by Andrew Sexton, yet lower, was ruled out on the ground that no responsible names were attached to guarantee the performance of the work.

The bid of Calkins & Proudfit is as follows:—Composition 8 cents per 1000 ems; press work ten cents per token; paper ten cents per quire; folding per hundred signatures ten cents; covering pamphlets per 100 ten cents, binding, in pasteboards, fifteen cents per volume; blanks, fifty cents per quire. This is lower than any previous contract for the public printing, we believe.—*Madison Journal.*

WESTPORT, June 23.

The Murder of the Shawnee Indian Agent.—William Gay, the Shawnee Indian Agent, was killed about two miles from this place, on Saturday evening, near five o'clock. He was almost at home—the old Shawnee Agency—but not quite across the line when killed. The facts of the case, as stated by the affidavit of W. J. Gay, son to the deceased, who was along, are these.—Three men overtook his father, they asked him to take a drink. He did so. They then wanted to know if he was pro-slavery or anti-slavery.—Gay answered that he was from Michigan. They repeated the question, when the deceased said *he was in favor of a free State.* One of the three then commenced shooting at him; a scuffle ensued, and the old man was shot through the head, being wounded in several other places.—*Cor. St. Louis Rep.*

OPENING OF THE DETROIT AND MILWAUKEE RAILWAY TO CORUNNA.—On Monday next, the Passenger Trains will commence their regular trips from this city to Corunna. Step by step this road is working its way through the isolated northwestern portion of our State. We hope soon to be "in communication" with Grand Rapids.

We are gratified to learn that the business of the Detroit and Milwaukee Road, as far as completed, gives the most promising assurance that that road will be one of the best paying roads in the West. It can hardly be otherwise. The route is through a region surpassed in natural richness, by no other section of the West.—*Detroit Tribune, 27th.*

DEATH OF DR. CAMERON.—The mails during the last week brought us the melancholy news of the death of Dr. Daniel Cameron, lately of our village, and for several years a resident of the Upper Peninsula. He died at the residence of his parents in Caledonia, N. Y., on Monday the fifth inst. He left this place accompanied by his brother, on the North Star, and as we learn, reached Caledonia on the 23d of May, where he declined rapidly, until his decease, being too low to see or converse with his intimate friends in the mean time.—*Ontonagon Miner.*

MASSACHUSETTS EMIGRANTS FOR KANSAS.—We hear that forty-two Kansas Emigrants from Massachusetts, were, like the Chicago men stopped at Waverly on the Missouri river, robbed and turned back. They are daily expected at Alton.—Piracy on the Missouri river seems to be the order of the day. When will it attract the attention of the Government at Washington?

Carry on, gentle ruffians! the day of reckoning will come!—*Chicago Tribune.*

THE CROPS.—We are informed by Mr. Slawson, a gentleman from the town of Magnolia, in the western part of the county, that the wheat crop promises fair, and looks as well as he ever saw it before at this season of the year. Oats look well too, and a neighbor of his has a cornfield of about ten acres, the stalks of which average at present three feet in height. The recent rains have worked an almost magic change in the whole appearance of the country.—*Janesville Free Press.*

STEAMER SULTANA.—The tug E. P. Dorr, of Chicago arrived yesterday with the steamer Sultana in tow. The Sultana had two or three holes in her bottom, so large that it took three steam pumps to pump her out. She goes into Clark's Dry Dock for repairs. Her machinery is nearly all broken to pieces, so that she will be obliged to have an engine nearly if not entirely new.—*Detroit Adv.* 27th.

TONICS WON'T DO!

They never did do more than give temporary relief and they never will. It is because they don't touch the cause of the disease. The cause of all ague and billious diseases is the atmospheric poison called Miasma or Malaria. Neutralize this poison by its NATURAL ANTIDOTE, and all disease caused by it disappears at once. Rhodes' Fever and Ague Cure is this Antidote to Malaria, and moreover it is a perfectly harmless medicine. The certificate of the celebrated chemist, J. R. Chilton, of New York, to this effect, is attached to every bottle; therefore if it does no good it can do no harm.

This is more than can be said of Quinine, Arsenic, or any tonic in existence, as their use is ruinous to the constitution and brings on DUMB AGUE, which never allows a person to feel perfectly well for a single moment. In illustration of these truths I annex some extracts from a letter just received from a Physician:

GEORGETOWN, OHIO. March 17, 1856.

JAS. A. RHODES, Esq:—Dear Sir—Yours of the 2d inst., is at hand. The Cure arrived late last year, and the difficulty in getting any one to try it was greatly increased from the fact that a remedy had been introduced which was growing in favor with the public, as being better than using Quinine—not knowing I presume that the remedy they used to escape taking Quinine, contained the DRUG ITSELF!

This remedy (known as "Smith's Tonic,") would invariably BREAK an Ague, but it did not CURE it, as it would often return with repewed vigor. This one circumstance I deemed in your favor, if I could institute a test comparison between it and your CURE. The following is the result:

Three persons took your "Cure," all of which were cases of "Quotidian Intermittent Fever," of many weeks standing. They had tried Quinine, and other remedies, occasionally missing a chill, but it was (as in all such cases) slowly wearing them out, and laying the fondation of other and severer maladies. I did succeed in effecting a radical cure of all three of these cases with your remedy, and they have not had a chill since. In all three of these cases the "Smith's Tonic" had been used, and would, as before stated, break the chill, but after a period or two had elapsed it would return.

I think there will be no difficulty now in giving to your "Cure" the vantage ground of any other remedy now in use here, &c., &c.

WILLIAM BUCKNER, M. D.

RHODES' FEVER and AGUE CURE, or ANTIDOTE TO MALARIA, the only harmless remedy in existence, is equally certain as a PREVENTATIVE, as a "CURE."—Take it when you feel the chills coming on, and you will never have a single one.

A HUMAN LIFE SAVED.

DOWAGIAC, Mich., March 11, 1856.

J. A. RHODES, Esq.—Dear Sir:—As I took your medicine on consignment, "no cure, no pay," I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received:

W. S. CONKLIN told me—"I had taken nine bottles of Christie's Ague Balsam, and continually run down while using it until my lungs and liver were congested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors, too, did all they could for me, but thought I must die. Nothing did me any good until I got Rhodes' Fever and Ague Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time."

H. M. CONKLIN says—"I had been taking medicine of as good a doctor as we have in our county, and taken any quantity of quinine and specifics without any good result, from 25th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by using two-thirds of a bottle."

S. M. CONKLIN was not here, but both the other brothers say his case was the same as H. M.'s. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might so specify.

Yours with respect, A. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me.

One thing more. Last year I had occasion to caution the public in these words:

"I notice one firm who have taken one of my general circulars, substituted the name of their nostrum for my medicine, and then with brazen impudence end their pamphlet with the exclamation, 'Let the proprietors of any other medicine say as much if he dare,' &c.

Now I take pleasure in saying that the Caution referred to the same "Dr. Christie's Ague Balsam" that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antidote to Malaria, except the Certificates of Cures, and the certificate of the celebrated Chemist, Dr. James R. Chilton, of N. Y., in favor of its HARMLESS CHARACTER, which is attached to every bottle. These will always serve to distinguish my medicine from imitations.

CHILLS AND FEVER.

TO THOSE who are afflicted with this disagreeable and baffling malady, we would state, that after years of hitherto unavailing research, a medicine has been discovered which will, in every case, effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions. He is assured by the evidence of hundreds of cures which they have effected, that this medicine is in reality the remedy so long desired in the Western country. This valuable medicine is prepared in the form of a pill, from the bark of a shrub, which has proved to be a perfect antidote to Malaria. They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system, having no other than a specific effect upon the disease which is truly wonderful. Some persons have stated that these pills must contain arsenic, or some powerful mineral, owing to their quick effect in curing this disease. The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in this composition.

Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug Store of HENRY FESS, Jr., No. 195 East Water street.

N. B. One great recommendation for these pills are, that they only require about five to effect a cure. Enquire for THAYER'S OMEGA PILL, for the immediate cure of chills and fever or intermittent fevers of every description. Prepared and sold wholesale and retail by FRED. W. THAYER, 697 Washington street, Boston.

THE ONLY MEDAL AWARDED
BY THE NEW YORK EXHIBITION TO THE ENGlish or Foreign Sauce Manufacturers, has been obtained, amongst numerous competitors, by LEA & PERRINS, for their
WORCESTERSHIRE SAUCE,
whereby further testimony is afforded of its being the best Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health, is becoming daily more observed and acknowledged.

In the United States it is held to be the most agreeable condiment, and is esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman, who writes to LEA & PERRINS thus: "I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal. I can, with truth, say there is nothing in a traveller's baggage so essential to the comfort, at least in these countries, as your Sauce."

In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Tell Lea & Perrins that their Sauce is highly approved in India, and that it is, in my opinion, the most palatable, as well as the most wholesome, Sauce made."

This Sauce is suitable for every variety of dish, and the universal demand which its excellence has created has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.

☞ THE THOUSANDS whose constitutions have been ruined, and their systems poisoned by the use of Mercury, should give the following their earnest attention:

DR. GILES, Newton Hamilton, Pa., May, 1851, said—"I have used, myself, half a dozen bottles of Hoofland's German Bitters for Liver Complaint and diseases of a nervous character, resulting from the use of Mercury. I was poisoned and afflicted with spasms from the use of this latter article. The German Bitters is the first article from which I obtained any relief. I have also given the article to many dyspeptics, with the most salutary result. I think as many more bottles will cure me."

Another Remarkable Cure of Scrofula!

Sparta, Caroline County, Va., March, 1854.

Messrs. Bennett & Beers, Richmond.

Gentlemen:—Your Carter's Spanish Mixture has performed a remarkable cure in the person of a servant man, afflicted with Scrofula in the very worst form. So bad he become, that his eyes were entirely closed, and had been so for more than a year! As a last resort, as everything else had failed, it was resolved to try the mixture. We administered it according to directions, and wonderful to say, a perfect cure has been effected. I am satisfied that no medicine equals "Carter's Spanish Mixture" as a purifier of the blood. It is creating quite an excitement here, and sells very rapidly. Send another lot by Railroad. Yours truly,

VOLUME XI. MILWAUKEE DAILY SENTINEL, WEDNESDAY MORNING, JULY 2, 1856. NEW SERIES.

THE DAILY SENTINEL.

Wednesday Morning, July 2.

CITY MATTERS.

POLICE COURT, JULY 1.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

STEALING A BANK CHECK AND A FIVE DOLLAR BILL.—A respectable looking young man, named Henry D. Orcott, was arrested by Policemen Garlick and Rice, for stealing from the store of John Haas, in the Fifth Ward, a check upon the Second Ward Bank for $10 and a $5 bill. The complainant testified that the prisoner came into his store, in the Fifth Ward, and asked him "how he was doing?" that he replied, "Pretty well." At this time the complainant went from the desk to another part of the store, and when he returned, his check and bill were gone. Another witness testified to having purchased the check from the prisoner, the latter stating that the Bank was closed, and he wanted the money. He was required to give bail in the sum of $500, for his appearance at the Circuit Court, and, in default, was taken back to jail.

John H. Ryan, charged with assault and battery upon a woman named Rives, case continued to July 8th, at 10 A. M. (John says that he had to serve papers upon the woman, and, as the prosecution is a malicious one, for doing his duty, asks a suspension of public opinion.)

MORE YOUNG THIEVES.—On Sunday last, nine young boys broke into the store of William P. Young, on East Water street, and stole a quantity of fire crackers, citrons, sardines, &c., the value of about $25. Seven of these boys were arrested by the Police and gave their names as John Barry, James McBride, James Clancy, Michael Clancy, John Saagan, Jeremiah Murray, and John McLaughlin; the two first named, were convicted and sent to jail for ten days; the others, five in number, were discharged. Two more are yet at large, not having been arrested; of the five discharged, one of them has been caught stealing three times and arrested.

The two boys were taken to jail by two officers, one of them bare-footed, ragged, filthy in appearance; they seemed to care little for their position in society. The jail was to receive them for ten days. How many would they pass on their road there, upon whom a mother and a father have poured out their love—clean, neat and happy; their eyes lit up with that smile which animates, and beams upon and illuminates the features of a free child who has parents to care for him, and instruct him morally and religiously. Suppose they should meet one of the Supervisors inside the jail, and one of the boys should suddenly have a poetic turn, for prisoners *have* written poetry, and casting his eye around the interior of that factory of contagion, should thus address the Supervisor:

"Is this the place
Ordained by justice to confine awhile
The foe to civil order, and return
Reformed and moralized to social life!
This SCHOOL OF INFAMY! from whence, improved
In every hardy villainy, returns
More hardened, a foe to God and man,
The miscreant nursed in its infectious lap;
All covered with its pestilential spots,
And breathing death and poison wheresoe'er
He talks contagious?"

Suppose the Supervisor to be thus addressed for the whole board, and that he or they, stung with remorse of conscience—a matter extremely doubtful, to say the least—were about leaving, when the boys and the other full grown prisoners, all joining, give the Supervisors a parting chorus:

"To work! to work with hope and joy,
Let us do what good we can;
Better erect a Refuge for the boy,
Than cells and gibbets for the man."

If one of these two boys, or one of the *forty-seven* caught stealing within the last six months, some of them the fifth, sixth and seventh time, should hereafter have to end his life in a State Prison, or "swing upon a gallows," *we tell you, ye Supervisors,* that you will be morally accountable for it—that for each great robbery committed, and for every drop of human blood spilt by these boys, hereafter, you are more or less to blame. REPORTER.

Advertisements To-day.

WILSON has a new list of interesting and valuable books.

CRAMPTON has several notices worthy of attention.

ARNOLD has received another lot of pictures.

Mr. SAXE offers some valuable property at Prairie du Chien for sale on reasonable terms.

DRS. HANSCOM & HASKELL, who come with very flattering letters from Boston, bearing testimony to their skill in dentistry, have taken the house corner Mason and Milwaukee streets, and opened an office. *See their card.*

A SWIMMING SCHOOL has been opened above the dam, and if patronized as it ought to be, we shall hear of fewer cases of death by drowning.

The "4th of July Finance Committee" give notice of the return of the funds in their possession.

MORRIS LOUIS gives the masonic fraternally notice of his readiness to supply regalia of all kinds.

A capital REFRIGERATOR of new invention, is advertised to-day. Samples may be seen at RICHARDSON & GRAY'S, Wisconsin street, and GOODRICH'S, 225 East Water street.

RUNAWAYS YESTERDAY.—A couple of these incidents that occasionally help to fill up a local column came off yesterday.

A horse *with a couple of wheels, &c.,* sometimes behind and sometimes alongside of him, went up East Water street "faster than a moderate trot;" no damage to humanity, the wood sawyers giving him the track in the Market square.

An omnibus from some German house, and two horses at full speed went down East Water street and ran into the dray horse of Mr. Cordes, on the corner of Detroit street, wounding the horse badly and breaking the omnibus. The horse and buggy of Collector White was hitched near by, and was saved by "Auld Casey the Pedlar," causing the horse to turn by waving hat.

Acknowledgments.

From E. TARRY & Co. we have the last number of the "*Country Gentleman*" and "*Ballous Pictorial.*"

From A. WHITTEMORE & Co, we have the "Annual Report of the Boston Board of Trade," "*Colomba*" and "*Berenice.*"

From H. W. ACORN, Post-Office News Depot, we have "*The White Chief,*" and "*Six Months in Kansas,*" with Map.

We shall notice these books at the earliest possible day.

"WILSON ALSO HAS IT FOR HIS CUSTOMERS."—So we wrote at a late hour on Monday night, marking it to be inserted under a notice of Putnam's Magazine. It was getting along towards the "wee sma' hours," and the compositor set it beneath a notice of WALL'S furniture sale.

Well! our friend ARCHIE WILSON *has* furniture, too. His shelves and counters are loaded down with the best of material for furnishing the mind withal—with "books that *are* books."

MRS. GUENTHER'S ACADEMY FOR YOUNG LADIES.—We invite special attention to Mrs. GUENTHER'S card—This lady has during a short residence in our city earned an enviable reputation as a preceptress, and she is able to refer to many of our best citizens, who will cheerfully testify to her ability and faithfulness.

BANK DIVIDEND.—THE FARMERS' & MILLERS BANK, of this city, one of the safest and best managed institutions in the west, and doing a very heavy business, made a dividend yesterday of 6 per cent. on its earnings for the past 6 months. Wisconsin Banking, with such men to manage as control this and other of our "moneyed institutions," is a safe investment, and profitable.

FOR COLLINGWOOD AND THE EAST.—The *Buckeye State,* one of the finest steamers afloat, leaves Higby's Pier this morning, for Collingwood. She offers inducements for a pleasant trip, which cannot be surpassed. L. D. JACOBS, cor. Main and Huron sts., is the passage agent.

FINES IN THE POLICE COURT.—The whole amount of penalties inflicted in the city cases, in the Police Court from March 9th to June 9th, three months, is $1,885 50; of these $900 52 have been paid to the Police Justice; many have been paid to the Jailor.

☞ The FOSTER—the real, "genuine old Dr. Townsend" and no mistake, is in town, and held forth last night at WALL'S. In addition to the extensive array of books which are "too numerous to mention," besides some that he expects, there is one, with pictures to match, bears his own imprint, and which he is particularly sweet upon.

LAKE SHORE R. R.—EXCURSION TICKETS.—It will be seen that the Lake Shore R. R. Company have arranged a tariff of reduced fares for such as desire to go to Chicago on the 4th to see the Military Encampment, &c.

PUTNAM FOR JULY.—E. C. ARNOLD has received his supplies of PUTNAM for July, and his customers can supply themselves at his counter, as usual.

FURNITURE AT AUCTION.—Mr. Wall sells this morning that lot of fine furniture which has been mentioned for several days.

SALE POSTPONED.—We are requested to state that the sale of real estate in Williams' Addition, 6th Ward, announced for this week, is postponed *till further notice.*

☞ MACK BROS. ask us to say that they are crowding off their large stock of goods at very low prices, to make room for new stock.

MORE R. R. IRON.—Three cargoes of iron for the Mil. & Miss R. R., amounting to 965 tons, arrived yesterday from Buffalo.

SIX O'CLOCK REPORT.

[SPECIAL DESPATCH.]

NEW YORK, June 1.

In Boston, in the American Convention, the nomination of Fremont was ratified by a vote of 280 to Fillmore 197. Fillmore men bolted, and held separate convention to-night. F. A. A.

Congressional.
KANSAS AFFAIRS.

SENATE.—Mr. Thompson spoke somewhat in favor of the bill to admit Kansas reported yesterday, Mr. Bigler also for and Mr. Hale against.—Mr. Adams moved to amend the bill by striking out that part which gives the right of suffrage to persons who shall have filled their declaration of intention to become citizens of the U. S., in compliance with the naturalization laws. Mr. Crittenden hoped the amendment would be adopted. He thought those foreigners who had declared their intention to become citizens, had no more right to vote than those who had made no such declaration. Adjourned.

HOUSE.—Mr. Houston's motion to lay the motion to reconsider on the table, was superseded by the presentation of the report of the Kansas investigating committee, of which here follows a synopsis:

The report show that as soon as the bill to organize the territory of Kansas was passed, a large number of citizens of Missouri went into the territory, held squatter meetings, passed resolutions denouncing abolitionists, and declared that Slavery existed therein.

In the autumn of 1854 a secret political society, called the Blue Lodge was formed, the plan of operations of which, with its oaths and care given in the report. This lodge controlled all the subsequent movements and invasions on the part of the Missourians.

At the election November 29th 1854, for a delegate to Congress, there was no evidence of fraud except in the scarcely settled and remote districts, where citizens of Mo. appeared and voted. It is reduced to mathematical decision that 1700 illegal and non-resident votes were cast by citizens of Missouri, the remainder being legal votes, amounted to 1100. Mr. Whitfield would have been elected, without the aid of his Mo. votes, he receiving a plurality of all the votes cast.

During the winter of '54 and '55, great excitement existed in the territory on account of the invasion. Public meetings were held and much bitter feeling was manifested. In February '55 a census was taken and the number of legal voters was ascertained to be 2,405. Previous to the election in the spring of '55, active preparations were made in Missouri to invade the territory and a complete organization was electrified, Leaders were chosen, tents, amunition, provisions, and arms distributed, and the forces were drilled in Companies in number, and on they day before the election at least 5000 Missourians took up the line of march for Kansas, and companies went into every representative district of the territory except one.

In detailing the acts of these companies and the declarations made by them, a great portion of the testimony consists of extracts from the poll books, census rolls, &c. showing who were legal well as who are not legal voters, and from accurate and almost absolute proof it appeared that of above 5800 votes cast at the election for members of the territorial Legislature 5000 were those of non-residents. The majority of members of both houses of the Legislature would have been Free State men otherwise.

The government had set aside the election in some of the districts, and a new election took place therein on the 22d of May, resulting in the choice of free state men in those districts, except Leavenworth, where there was still illegal voting. The committee took a large mass of testimony regarding the proceedings of the Legislative Assembly, which proceedings they say are characterized by recklessness and injustice. The report likewise alludes to the murders, robberies and to the crimes committed in the Territory, and claims that in no case except that of McCrea, a free state man, was there any prosecution for those offences. No indictments were found and no arrests made, and no measures taken to bring the perpetrators to justice.

The report contains full and complete details of everything connected with the Territory of Kansas prior to the 19th of March last, and says that Samuel J. Jones, the Sheriff, was the main cause of the recent disturbances in which he so prominently figured.

It is also proved that Mr. Oliver, one of the Committee, went into Kansas with one of the invadin Companies, and made a speech in the 15th election district, but it is not true that he voted.

The conclusions of the Committee are that each of the elections in Kansas were carried by invasion from Missouri; that consequently the Legislative Assembly is an illegally constituted body, and has no power to pass valid laws, therefore its enactments are void.

The election of G. W. Whitfield as delegate to Congress was not held under any valid laws, neither was that of Mr. Reed in accordance with law. The committee suggest no remedies, the report alluded to obstructions that were thrown in the way of the committee and to the general violence that prevails in the territory. It is very voluminous and is signed by Messrs. Howard and Sherman.

NEW YORK, 1.

A letter in the *Times* dated Lawrence, June 26th, says the southern forces are gathering at Lecompton, Tecumseh, Big Springs and other places in large numbers, and they are laying in a large stock of provisions in order to make the long and strong pull on the 4th of July. No aid is yet received from the states. There must be a great battle at Topeka. Col. Sumner threatens to go home to the fort and abandon his work if the Legislature meets, and they will as sure as God exists.

Neither the interest of the State debt of California, due to-day, nor the debt of the city of San Francisco, also due to-day, have been provided for. Some leading men connected with California have been negotiating for a loan to pay the State's interest, but the negotiations have not yet terminated. No one will advance the money on the credit of the State.

THREE P. M. REPORT.

WASHINGTON, July 1.

A riot occurred at the Fillmore demonstration, in this city, last night, during which Mayor Magruder and several of the police were attacked with stones and bludgeons. The Mayor was badly injured; the mob following him half a mile with cries of "kill him." The mob was finally dispersed, and one or two arrests made.

NEW YORK, July 1.

The Washington correspondent of the *Courier & Enquirer* telegraphs, that General Persifer Smith has gone to Kansas with stringent orders to prevent the emigration of free state men with arms.

A correspondent of the *Herald* states that an expedition is being formed in this and some southern cities, whose destination is Mexico. It is to be commanded by American officers, and the men armed with revolvers and minnie rifles. The corps has already enrolled over 400 men, and will be off as soon as the ranks are full 500, being the full amount. It is to act with the present Mexican government.

More Ruffianism.

CHICAGO, July 1.

A company of forty-four men, from Worcester, Mass, on the steamer Sultana, *en route* for Kansas, were stopped and disarmed on Friday at Waverly, Mo., ten miles below Lexington, by two hundred southerners, in a manner similar to the robbery of the Chicago company. Intention announced to take them up the river and detain them prisoners, or dispose of them to suit exigencies of times. Sixty Sharp's rifles were taken by the mob. A company from Ottawa, Ill., was served the same way on Saturday. Determination announced on the Missouri river towns to allow no more emigrants from Northern States to go into Kansas.

A correspondent of the St. Louis Democrat, dated Jefferson City, 26th inst., charges Governor Sterling Price with having sent twelve pieces of cannon and twenty two boxes of muskets from arsenal up the river to Stringfellow to assist in the conquest of Kansas.

Congressional.

WASHINGTON, July 1.

SENATE.—Mr. Cass said a very grave transaction has occurred on the Pacific Coast according to accounts received, into which an examination ought to be made. Governor Stevens of Washington Territory, has proclaimed martial law there, and has arrested a Judge of the First Court, and sent him away some distance, thus closing the court. Mr. Cass did not desire to prejudice the case, but certainly it seemed a great assumption of power. He submitted a resolution calling on the President for the facts in relation to the matter, adopted.

Mr. Collamer submitted a minority report on the Kansas question—report read and ordered printed.

HOUSE.—Mr. Barclay, of Penn., moved a reconsideration of the vote by which the Kansas bill was rejected, and in assigning his reasons for so doing said he was informed there were warrants in this district directing the arrest of Gov. Reeder for treason. This he regarded as partial. He was disposed to rebuke it by now voting for the bill in order to protect the people of Kansas.

Mr. Houston, of Alabama, expressed regret that the gentleman had changed his mind, either on account of personal or other means.

Mr. Barclay replied that he had acted from a conscientious sense of duty, and would not be intimidated by the lash.

Mr. Houston disavowed any intention to impeach the integrity of the gentleman, nor censure him, and moved to lay the motion to reconsider on the table.

GALLERY!

NO. 231 1-2 EAST WATER ST., (Empire Block) to examine their beautiful and finished specimens of Photographs, Ambrotypes and Daguerreotypes

Mr Horn is a Painter by profession and invites public attention to his style of painting Photographs. These pictures EXCEL THE FINEST PAINTING UPON IVORY, and while they equal the works of the Masters in their delicacy and richness of coloring far surpass them in exactness of delineation and PERFECT FIDELITY TO FEATURE, expression and nature

Friends, relatives and lovers may now rejoice in the possession of perfect likenesses, at a price that places them in the reach of all. Our painted Photographs are warranted to me all that is here represented, and we guarantee them to preserve their color without fading, at least as long as paintings on ivory

F. M. LANE'S PERMANENT GLOSS PAINT.

Important Improvement in Painting!

A PERMANENT GLOSS PAINT for inter or work having been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels &c, whilst in brilliancy and richness of surface it surpasses all other paints, it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States

In order the better to do this the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes and a Machine for making bolts, and are now putting in a Steam Engine of —— horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry Machine Engine and Blacksmithing business. They never were in a better position for doing business, and

In regard to the character of the work got up by this

The Oldest Establishment in the State

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS and know how work should be done as well as the next man

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle,

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS and STEAM WHISTLES. Also TURTON'S BILLS, which they will sell at the lowest cash price

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained

MEDICAL.

DR. WEAVER'S CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas Sore Legs, Ulcers, Old Fever Sores Scald Head, Scorbutic Eruptions &c, &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their active powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is arriving daily from East, West, North and South, of wonderful cures they are preforming

See what is said by those who have used these medicines

The Rev Samuel Henry, of Palmer, Mass, says, "they have done me more good than all the other medicines I have used for Erysipelas"

Capt William Vail, of the steamer Granite State, says "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores, is now perfectly cured by the use of the Syrup and Cerate."

Dr A J Johnson, of North Wardsboro, Vt, says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate."

Rev August Bolles says "it has cured the Salt Rheum in my leg"

J Hatfield Fraser, Esq, editor of the Somerset Whig Somerville, N J, says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians"

Hon Joel Loomis, of East Lyme, Conn, says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy eight years) but Weaver's Syrup and Cerate did the work at once"

Elias Latham, Esq., of Orient, Long Island, N. Y, says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island"

The Rev J S Swan, of New London, says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.

Ask Seth Prisbery, of Taunton, Mass. what the medicines will do, ask William Barber, of Three Mile Bay, Jeff Co, N Y, what the syrup has done for him. ask G F & W H Boynton, of Perkinsville, Vt, ask F L Kent, of Chicago, Ill, ask Martha Cottle, of Martha's Vineyard, Mass. ask Wm F Keahler, or Wm P Benjamin, Esqs, of New London, ask Dr H. M. Murdock, of Pulaski, N Y; ask J C Smith, of Brooklyn N Y, who was cured of Scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate. ask Curtis Burrough, of Shelby, N. Y, who has been cured of a severe case of Salt Rheum, ask Chas Akin of Home, N Y, what the Syrup and Cerate will do for a r[illegible] ask Winslow and Slafter, Merchants, Virgil, N Y, what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE

HELMBOLD'S GENUINE PREPARATIONS

HELMBOLD'S HIGHLY CONCENTRATED
Compound Fluid Extract Buchu.

A CERTAIN, safe, and effectual remedy for Diseases of the Bladder Kidneys, Gravel, Dropsy, Obstructions, Female Complaints, and all Diseases of the Sexual Organs, whether in Male or Female, from whatever cause they may have originated, and no matter of how long standing.

This popular and specific remedy is now offered to the public, and guaranteed to cure all the above complaints. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure certain and permanent

This medicine allays pain and inflammation which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands from the hands of merciless quacks if not from premature graves. In cases of infections, the Compound Buchu is the only article worthy of the least consideration of the afflicted in performing safe cures. It contains no narcotic, or other injurious drug, but is a purely VEGETABLE COMPOSITION. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex, without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them, DELAYS ARE DANGEROUS. With this medicine you can cure yourself, and thus prevent all exposure

Truth must and will prevail. This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the system, restoring the patient to a perfect state of health and purity. And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid no equal is to be found acting both as a cure and preventive of any of the above ailments

HELMBOLD'S HIGHLY CONCENTRATED
Compound Fluid Extract of
SARSAPARILLA.

For purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence of life, chronic constitutional disease, arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed, whether in town country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and of Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt

This medicine requires considerable care in the preparation and the employment of different menstrua in successive operation to take up the extractive matters and in consequence, are most frequently improperly made and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskillful management of those unacquainted with pharmaceutical preparations.—It is, therefore, of the highest consideration and importance to the public and to the faculty that there should be standard preparations of uniform strength and possessing the most advantages. To effect this and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted more favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two tablespoonfuls of the Extract Sarsaparilla added to a pint of water, is equal to the Lisbon diet drink, and one [illegible] gallon of Syrup Sarsa[illegible] usually made

PRICES
Fluid Extract Buchu, $1 per bottle or 6 for $5

READ AND JUDGE FOR YOURSELVE

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following

CARLYLE, Ill, June 29, 1855

I have used Prof Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought prematurely grey, but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,
Ex Senator United States.

VINCENNES, Ind, June 10, 1855

Prof O J. Wood Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it; that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair

Respectfully yours,
WILSON KING

A gentleman of Boston writes to his friends in New Bedford, thus

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely, but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was and does not come out at all. It has proved in my case all that I could wish or ask
Yours &c, ——

GARDINER Me, June 22, 1855.

Mr Dyer Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind
Yours &c,
DANIEL N. MURPHY

St Louis March 7 1854

Prof Wood —My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted
A C WILLIAMSON,
183 Second Street

St Louis, June 23 1855

Prof Wood —As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey, and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair
I am, sir, yours, &c,
